

The Anonymous Shawl
by Verena Cohrs (@thewoolclub)

Adjustments to knit in three colors (yarn used in my shawl is Spirit Trail Fiberworks Sunna, fingering weight sw merino, cashmere, and silk).

Color A: The Witching Hour
Color B: Black Cherry
Color C: Spectral

SET UP:

Color A

Section A.1:

Rows 1-2: Color A

Rows 3-4: Color B

Rows 5-6: Color A

SECTION B.1:

Color B

SECTION C.1:

Color C

SECTION B.2

Revise section as follows:

At the end of previous section, do not turn your work. Cut Spectrum (leaving enough to sew the end in), slide stitches to the other side of the needle, and knit with Color B as follows:

Row 1: K3, Kdb, K to last 4 stitches, Kdb, K3

Row 2: Knit

Row 3: K3, Kfb, {K2tog, YO} repeat to last 5 stitches, K1, Kfb, K3

Row 4: Knit

(NOTE: You are **Kfb** in this section, **NOT Kfbf** ☺; increasing two stitches per row instead of three. This is to keep the stitch count the same, since you're adding two rows to the shawl)

SECTION A.2:
Row 1-2: Color A
Row 3-4: Color B

SECTION B.3:
Color B

SECTION C.2:
Color C

SECTION B.4:
Color B, follow directions for adjustment in Section B.2

SECTION A.3
Rows 1-2: Color A
Rows 3-4: Color B

SECTION B.5:
Color C

I added a few rows because I wanted a wider band of Spectrum across the bottom. I didn't adjust the increases because at this point in the shawl, stitch count is not so important. Adjust pattern as follows:

Row 1: K3, Kfbf, K to last 4, Kfbf, K3

Row 2: K3, Purl to last 3, K3

Row 3: same as Row 1

Row 4: Knit

Row 5: same as Row 1

Row 6: Knit

PICOT BIND-OFF:
Color C

And there you have it!
